

Dave and Whitney are not just another "man-made" performing and recording duo. This fun-loving, dynamic pair is a spiritual bond, explosive with talent and their chemistry is evident with each and every note they sing. In July, they celebrated the release of their first national EP-release, entitled ALIBI. Their success on stages across the country is no mystery; together they have showcased at the Northeast NACA conference and won the hearts of colleges around the country with their impromptu dance parties and large catalog of Top 40 hits.

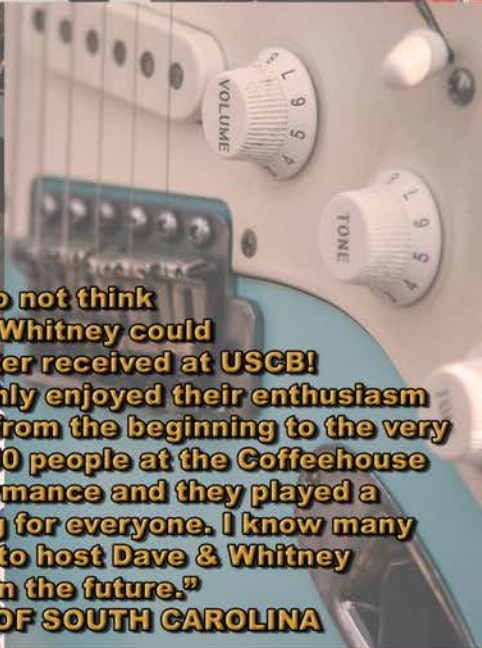

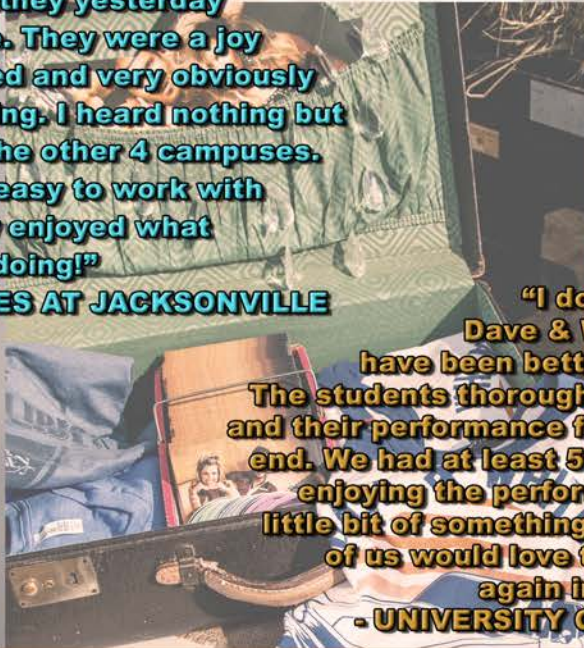

"Dave & Whitney were a huge hit! Their energy was just what I was looking for. The students loved them and how they interacted with the audience. The students have already requested to have them back next year."

- SHERIDAN COLLEGE

"I just have to tell you Dave & Whitney yesterday were totally awesome. They were a joy to work with, very talented and very obviously enjoyed what they were doing. I heard nothing but rave reviews for each of the other 4 campuses.

They were incredibly easy to work with and very obviously enjoyed what they were doing!"

- FLORIDA STATE COLLEGES AT JACKSONVILLE

"I do not think Dave & Whitney could have been better received at USCB! The students thoroughly enjoyed their enthusiasm and their performance from the beginning to the very end. We had at least 50 people at the Coffeehouse enjoying the performance and they played a little bit of something for everyone. I know many of us would love to host Dave & Whitney again in the future."

- UNIVERSITY OF SOUTH CAROLINA
