

KENNEDY NÖEL

Kennedy Nöel is a Nashville born and Los Angeles raised singer, songwriter and musician with the true definition of pop/rock. Her guitar driven pop melodies, with a little bit of synth programming in the mix is this generation's newfound fix. Growing up in the music business, Kennedy began performing professionally at the age of 8, when she made her first national appearance backing the piano during Kelly Clarkson's "Because of You" performance at 48th Annual Grammy Awards.

PRESS:

"Kennedy brings a lot of heart and soul to her music, and there is no shortage of it. A talent beyond comparison, 2015 is the year of Kennedy Nöel"

Jon Joseph Cosgrove - The Radio Alternative

"Kennedy Nöel performed a mash-up of "All the Small Things" and "The Middle." Commanding the stage, it's as if the beautifully toned singer has been doing it all her life. Having no stage freight, she engaged the crowd asking them to clap to make the night even more special for her."

Chase Hunt - AXS.com

"I am completely blown away by the story of Kennedy, from starting at a young age, playing at the Grammy's as a child with Kelly Clarkson, to getting cancer, not once but twice in a 6 month span, and conquering all. Then to top it off, she is an incredibly talented, positive, and happy person with beautiful songs. Kennedy Noel is the definition of Totally Driven, and is a name that will be on everyone's lips in the near future!!"
