MIDNIGHT NOON COFFEE HARVESTED BY DAVE & WHITNEY IN HONDURAS

NOON

She's midnight. He's noon. Complete opposites, yet one could not exist, and the world could not spin, without the other. Meet Dave and Whitney Campbell. Whitney is an energetic, enthusiastic, spitfire with "can-do" persistence. Dave is a self proclaimed guitar geek who is cool, calm and collected.

MIDNIGHT NOON is the most unnatural, natural genesis-cosmically in tune with one another. Dave and Whitney's relationship was as spontaneous as it was spiritual. With a higher force guiding their way, it was inevitable that these two individual touring artists would band together to spread their love & faith to the world through their music. Now, fully re-branded and launching onto music scene as MIDNIGHT NOON, the duo has over 500 tour dates under their belt and has shared the stage with some of Country Music's greats such as Sara Evans, Randy Houser, Eli Young Band, Florida Georgia Line and Dustin Lynch, to name a few.

MIDNIGHT NOON is a sexy, fun-loving, dynamic duo that takes their charisma and passion for music & life to the stage. The pair now plays more than 150 dates a year together. They introduced their first National studio recording, "Alibi" as

Dave & Whitney in 2015 when it then entered the Music Row charts and gained over a quarter million plays on Spotify.

TESTIMONIALS

Midnight Noon were some of the nicest people we have ever had! Wonderful to work with, their music was well received. Visit the Anoka-Ramsey Facebook page to see some videos and photos we took! Loved having them, and we wish them well! - **Cindi Gilbert, Director of Student Activities, Anoka Ramsey Community College, Cambridge, MN**

Dave and Whitney were great to work with and the response was awesome from our students and were very much into their show and even chanted for an encore. We hope to have them back next semester!!! - **Natalie DiGennaro, Student Union Operations Assistant, Sacred Heart University, Fairfield, CT**

David and Whitney were a huge hit! Their energy was just what I was looking for. The students loved them and how they interacted with the audience. The students have already requested to have them back next year. I'll be in touch when I start to plan the next programming year. **Elizabeth DeGradpre, Director of Student Activities, Sheridan College – Sheridan, WY**
